Xerox® WorkCentre® 5865i/5875i/5890i Multifunction Printer

We designed the Xerox® WorkCentre® 5865i/5875i/5890i with a powerful mix of features and capabilities that handle your heavy workload in ways you never imagined. For more information, visit **www.connectkey.com**.

A New Standard of Productivity

Experience a simplified, and intuitive user interface that can be tailored for your individual business needs. Easily create a workflow that enables you to scan information to your selected destinations, (email, desktop, network folders, cloud repositories) in secure text searchable formats, at the touch of a button. This saves time, and allows more to be done with the information you scan and store.

Embedded apps allow you to easily connect your mobile workers to the device. Xerox® App Gallery allows you to download new apps, such as Print from DropBox™ and Scan to Microsoft® Office 365 directly from the user interface. Xerox® ConnectKey® Technology helps to streamline how your business deals with critical information—in-house or in the cloud.

Apps are available at the Xerox® App Gallery. Visit **www.xerox.com/AppGallery**.

Discover unexpected cost savings.

Xerox® print drivers based on Microsoft® Windows® give you the ability to save different settings per application, minimizing the need to make changes and reducing the risk of potential errors. Xerox® ConnectKey® Technology evolves with your needs by restricting usage and regulating printing. The User Permission control integrates with your internal authentication system, allowing you to prevent pre-determined or non-authenticated users from seeing specific features on the user interface.

A New Way of Working

The WorkCentre 5800i series allows you to control device functions from any workstation. The Remote Control Panel makes it more convenient to train users and for IT staff to remotely view and monitor the user interface.

Xerox® devices built on ConnectKey Technology support a Wi-Fi Direct connection that lets you print from your mobile device without having to connect to a network.
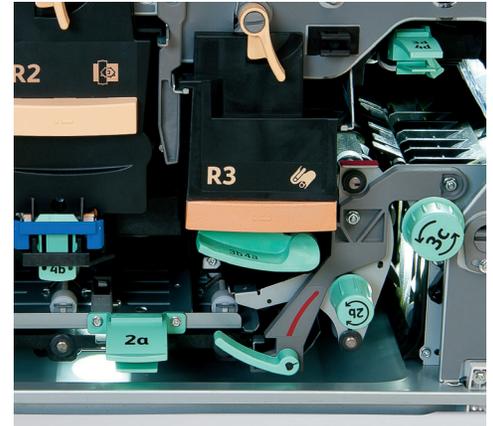

Xerox enables secure and accurate printing and scanning with a continuum of mobile options that fit your environment, with free print and scan apps, such as Xerox® Mobile Link App, plus a robust set of mobile enterprise solutions.

Don't risk your sensitive information.

Xerox® ConnectKey Technology provides advanced features and technologies to help ensure your company's confidential information stays secure. Our standard security features include AES 256-bit hard disk encryption, McAfee protection powered by Intel Security, image overwrite, secure print with timed deletion and emailing to external mail servers.

For more information about how Xerox helps make you more secure, visit **www.xerox.com/security**.

A Powerful Mix of Features

- **Illuminated paper path.** The WorkCentre 5865i/5875i/5890i features an illuminated paper path, which makes user access even easier.

- **Scanning at up to 200 images per minute.** Single-pass color scanning enables faster electronic distribution of full-color documents for more effective and impressive communications.

- **Multiple finishing options.** Choose basic features like staple and hole punch, or advanced capabilities to produce paginated, saddle-stitched and folded booklets and Z- folded and C- folded brochures.

Xerox® Easy Translator Service.

This optional service allows customers to scan a document and receive a translated print and/or email notification. Users can also send an image from an iOS or Android device, or a PC, that is forwarded for translation. For more information, visit **https://xeroxtranslates.com**
